Thank you Carter Hulsey and your team for the amazing concert in our gym. As well as the little bit of info at the end on financial literacy and things about credit scores and debit cards. I highly enjoyed myself at the mini concert and glad I got to experience this at my own school.

Carter + Team,

Thank you for the amazing performance and lesson. The music was really fun and the lesson was very powerful. I really enjoyed the message and I love that you are doing this to help young adults and teens have a understanding of the best things they can do to being smart with managing money to plan for the future!

Thank you!

Thank you for coming in and talking to us about your personal experience with money, and things you wished you would have known back when you were our age. This really made me think a lot about how to use my money wisely and not make stupid decisions with my money. Thank you!

Thank you so much for coming out to our school and sharing such a important message! It's so awesome that you are using your platform to help teens avoid making the mistakes you did when you were our age.
